SUMMARY

Senior frontend/product engineer with 13+ years building and scaling web platforms. Expert in frontend architecture, design systems, and content-driven systems (React, TypeScript, Astro/MDX). Proven at leading migrations, defining standards, and shipping fast, high-performance interfaces. Full-stack capable (Node.js, APIs, Postgres) with deep frontend leverage.

EXPERIENCE

Interledger

Senior Full Stack Developer | August 2025 – Present

- Architect and lead a modern frontend platform (Astro + MDX) that replaces legacy CMS workflows, cutting content publishing time by ~75% and enabling non-technical teams to publish independently.
- Define and enforce frontend standards for performance, accessibility, SEO, and DX across the team.
- Own the full frontend lifecycle: system design, implementation, code quality, and dependency strategy.
- Drive analytics and experimentation that directly inform product and content decisions.
- Mentor engineers through code review and pairing.

CourtDrive

Senior Full Stack Developer | April 2020 – August 2025

- Led front-end architecture for a large-scale B2B legal SaaS platform (React, TypeScript, MobX, Tailwind, Figma).
- Designed and maintained a Storybook component library that improved UI consistency and reduced new feature UI development time by ~35%.
- Optimized state management and rendering performance, reducing average load times by ~40% and significantly improving responsiveness on a highly interactive platform.
- Owned critical bug resolution and complex edge-case handling for a user-intensive product.

MatteProjects (Contract)

Senior Front End Developer | February 2020 – April 2020

- Built and launched a responsive React web app (CSS3 animations, SVG, Ghost.js CMS) for GamePlusApp under tight deadlines, with full cross-browser/mobile testing.

Skedsocial (Contract)

Senior Front End Developer | September 2019 – January 2020

- Led Angular 1.6 → React migration and built modular interactive components (rich-text Caption Editor with emoji support), including IE10 compatibility.
